Action game , Gameboy is one of the most famous toy ever created. You can play it on the television, by inserting a game cartridge in the console. The game cartridge has a door that locks. In the cartridge the switch is located. By opening this door you can choose a game. This download game requires a good quality audio output. Gameboy is a great Action game. If you don't have a Gameboy game cartridge, you can buy one in any store. The game cartridges are not expensive, most games cost around one dollar. The game is compatible with Gameboy color, Gameboy , Gameboy lite, Gameboy advance, and Gameboy Micro. The games are in a special memory on the console. Gameboy has the capacity of 4 megabits. Gameboy has a battery that can last for 2 hours. But it is not necessary to recharge the battery all the time. You can also charge the battery in a common wall socket. The game also has a battery with a capacity of 3,75 milliamperes. A small battery charger is included in the box. Gameboy has a lot of games. You can play a large number of games, because it has a lot of memory. But the games are on a cartridge, you can not take it with you. You can only play one game at a time. It is a very important feature in a handheld. Some of the games are very simple, such as drawing games, games with no goals, shooting games, and so on. Some of the games are very complex, such as the Mario series, Tetris, the Pitfall series, Super Mario, and so on. Gliczy.
